Lumeny

To lighten your night

DISCOVER LUMENY
SEE HOW IT WORKS

Lumeny is an intelligent decorative lamp that automatically reacts to movement and light levels. It creates a cozy atmosphere while improving convenience and energy efficiency.

WHY CHOOSE LUMENY?

More than a lamp - a smarter, more efficient way to light your space

✦ SAVE ENERGY & MONEY

Automatically turn off when not needed, reducing electricity usage and lowering costs

✦ SMART AUTOMATION

No need to switch lights on and off - Lumeny does that for you

✦ COMFORT & SAFETY

Lights up dark spaces instantly, helping you move safely at night

✦ MODERN AMBIENT DESIGN

Creates a warm, cozy atmosphere while enhancing your space visually

HOW LUMENY WORKS?

★ MOTION DETECTION

The PIR sensor detects nearby movement

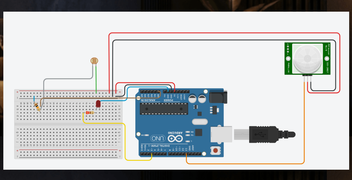
★ LIGHT SENSING

The LDR/photoresistor checks wheter the environment is dark enough

★ AUTOMATIC LIGHTING

When it is dark and motion is detected, Lumeny lights up automatically

Tinkercad prototype



Benefits
